PUPILS got the chance to see their restaurant ideas brought to life after winning a business prize.

As part of a competition run by the Education Business Partnership, a group of students from Bay House

School, in Gosport, hosted a charity dinner evening in the Quartermaster's Kitchen, in the Royal Marines Museum, in Eastney.

The youngsters designed their own menu after winning an enter-

prise challenge, called Cafe Coolio, where they had to plan, design and cost a new restaurant.

They sold tickets to the evening and all money raised was donated to Help for Heroes.
